

# WHY DIE? (FOLLOW THE LIGHT)

Cm Ab+6 Adim G7/B  
What happens when we die and where do we go?  
Cm Ab+6 Adim G7/B  
Some try to live in denial while others fall down the rabbit hole.  
F E7/G# Am C/G  
It's all mandatory – there is no escape.  
F E7/G# Am C/G  
It ends all of our stories – early or late.  
F Am/E Dm F/C G  
So don't worry 'bout death – it's not worried 'bout you... at all.

C G C Em/B  
(So)Follow the light into the unknown  
Am F C  
Where everything's right and nothing is wrong.  
Am Fm/Ab C/G C/G E/G# Am  
We can just view it from so far away  
F G Cm /  
Till the day we die follow the light.

Cm Ab+6 Adim G7/B  
We search for answers in hopes to find.  
Cm Ab+6 Adim G7/B  
Some rely on religion to give them piece of mind.  
F E7/G# Am C/G  
What if one day we knew? Would we change our ways.  
F E7/G# Am C/G  
Would death only be something due – or another price to pay.  
F Am/E Dm F/C G  
If nothing happens after death then we worry to much about nothing at all.

(Repeat Chorus) (Instruments Verse) (Chorus) (Outro)
